## SUMMARY OF EVENT:

On December 6, 2007, Agents William "Josey" Visnovske and Jim Osburg interviewed Deanna (W/F, DOB [redacted] and Clifford (W/M, DOB [redacted] Lamb at the Tallahassee ATF office.

## NARRATIVE:

1. On December 6, 2007, Agents Visnovske and Osburg interviewed D. Lamb and C. Lamb in reference to the disappearance of Jerry M. Williams (D. Lamb is Denise Williams/Winchesters sister). Agents showed D.Lamb and C. Lamb a picture of a Ruger Single Six, 22 caliber revolver and asked them if they ever saw J. Williams with this handgun or any handgun and they said no. Agents said they had received information that D. Lamb had spoken with J. Williams on Labor Day weekend 2000 at a beach house. Agents told D. Lamb that J. Williams showed up at the beach house she was staying at with his daughter Anslee and stated he was tired of Denise's lies and asked her to watch Anslee and he left. D. Lamb told agents she did not recall that happening. Agents asked D. Lamb if she knew anything about D. Williams taking a 3,000 dollar cash advance off of credit card in 2000. D. Lamb told agents that she did not remember that. Agents asked D. Lamb if she was aware of D. Williams having a male or female sexual relationship outside her marriage to J. Williams and she said no.

2. Agents had D. Lamb read a report from Florida State Attorney Investigator Ronnie Austin where he interviewed her in October 5, 2005. Agents asked D. Lamb if anything was inaccurate or had changed and she said that she no longer believes B. Winchester killed J. Williams. Agents asked D. Lamb why she no longer believes that B. Winchester killed J. Williams and she said that she just no longer believes it. D. Lamb said it would be inaccurate to say she does not like the Winchesters but they (Merrells) are not close.

3. C. Lamb told agents that he does not think J. Williams is in the lake because he looked for him and he was not there. D. Lamb said that she believes J. Williams is in the lake until someone can prove he is not.

ATTACHAMENT: Florida State Attorney's Report prepared by Investigator Ronnie Austin.
